

Bordered Gauze Dressing with Adhesive Border

ProCure Bordered Gauze with Adhesive Border is a versatile dressing available in both sterile and non-sterile options. The adhesive border ensures the dressing stays in place, while the gauze pad provides excellent absorption and comfort for wound care.

ENHANCED PATIENT COMFORT

Multi-layered gauze dressings are designed to be soft and flexible, medium absorbent, while still being gentle to the skin, minimizing pain during dressing changes.

Not made with natural rubber latex.

Features & Benefits:

- Available in both sterile and non-sterile versions
- Adhesive border for secure application
- Non-stick gauze pad for easy removal and comfort
- Effective for light to moderate exuding wounds
- Breathable material to help reduce moisture buildup
