

Anti-Itch Lotion

with Camphor 0.5%

ProCure Anti-Itch Lotion is an external analgesic lotion that delivers fast, temporary relief from pain and itching caused by minor skin irritations, insect bites, sunburn, and rashes due to poison ivy, oak, or sumac.

Formulated with cooling Menthol and active ingredient Camphor, it soothes quickly to calm discomfort and refresh the skin. The gentle, steroid-free formula is safe for use on minor cuts and abrasions and absorbs quickly without residue—providing clean, cooling comfort whenever irritation strikes.
