

Antimicrobial Hand Soap *with Moisturizers*

ProCure Antimicrobial Hand Soap is a skin-friendly formula with 0.13% Benzalkonium Chloride that kills 99.99% of common microorganisms—all without Triclosan. It lathers quickly for thorough cleansing while moisturizing agents help prevent dryness. With its transparent amber appearance and refreshing Citrus Spice fragrance, it leaves hands clean, soft, and deodorized—ideal for healthcare, food service, and other professional settings.
