

Safety LANCETS *BUTTON ACTIVATED*

ProCure Safety Lancets provide a safe, dependable, and easy-to-use option for capillary blood sampling, making them an essential tool in diabetes care. These sterile, single-use lancets feature a retractable needle design that helps prevent accidental needlestick injuries and cross-contamination, ensuring both patient and caregiver safety.

The convenient **button-activated style** makes sampling quick and hassle-free, whether in clinical settings or for at-home monitoring.

Features & Benefits:

- Retractable needle design helps prevent needlestick injuries
- Consistent depth control for reliable blood sampling
- Single-use, sterile lancets reduce risk of cross-contamination
- Minimal discomfort for improved patient experience
- Quick, one-step activation for ease of use
- No pre-loading or assembly required
- Not made with natural rubber latex
