## Moisture Barrier Cream with 12% Zinc Oxide & 1% Dimethicone

**ProCure Signature Moisture Barrier Cream** with 12% Zinc Oxide & 1% Dimethicone provides long-lasting protection against moisture-associated skin damage. This advanced formula creates a durable barrier that seals out wetness to help prevent and manage irritation, maceration, and incontinence-associated dermatitis.

Enriched with Aloe Vera and Vitamins A, D, & E, it nourishes and conditions the skin while supporting natural recovery. Gentle and non-sensitizing, it's ideal for routine use on sensitive or compromised areas.

Moisture Barrier Cream  
is part of ProCure's  
*Signature*  
Skin Care Line.

**Skin  
Protectant**

### Features & Benefits:

- Premium formula with Zinc Oxide & Dimethicone for lasting barrier protection
- Protects skin from moisture and irritation
- Helps prevent and manage incontinence-associated dermatitis
