

# SAFETY DATA SHEET

## 1. IDENTIFICATION OF THE SUBSTANCE AND COMPANY

Product Name **ProCure Complete Bath, Body Wash + Shampoo**  
Product Code PCB75, PCB128, PCB800, PCB1000  
Company Name Twin Med LLC.  
(Supplier of SDS)  
Address 11333 Greenstone Ave. • Santa Fe Springs, CA 90670  
Contact 1-877-TwinMed (894-6633)  
Emergency 1-877-TwinMed (894-6633)  
Relevant Use Body Wash - Shampoo

## 2. HAZARD IDENTIFICATION

### Classification of the substance or mixture

Serious eye damage/eye irritation

Category 2A

### Label elements

### **Warning**

#### **Hazard statements**

Causes serious eye irritation.

#### **Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling.

Wear eye and face protection.

#### **Precautionary Statements - Response**

#### **Eyes**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice and attention.

#### **Hazards classified under paragraph (d)(1)(ii) of 1910.1200**

No information available.

#### **Other information**

Causes mild skin irritation. Harmful to aquatic life.

# SAFETY DATA SHEET

## 3. COMPOSITION / INFORMATION ON INGREDIENTS

### Substance

Not applicable.

### Mixture

| Chemical name                  | CAS No.    | Weight-% | Hazardous Material Information Review Act registry number (HMIRA registry #) | Date HMIRA filed and date exemption granted (if applicable) |
|--------------------------------|------------|----------|------------------------------------------------------------------------------|-------------------------------------------------------------|
| Sodium C14-16 Olefin Sulfonate | 68439-57-6 | 0 - 10%  | -                                                                            | -                                                           |
| Sodium Chloride                | 7647-14-5  | 0 - 10%  | -                                                                            | -                                                           |
| Cocamidopropyl Betaine         | 61789-40-0 | 0 - 10%  | -                                                                            | -                                                           |
| Phenoxyethanol                 | 122-99-6   | 0 - 10%  | -                                                                            | -                                                           |
| Ethylhexylglycerin             | 70445-33-9 | 0 - 10%  | -                                                                            | -                                                           |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

## 4. FIRST AID MEASURES

### Description of first aid measures

|                                           |                                                                                                                                                                                                                                                                                     |
|-------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b>                     | Show this safety data sheet to the doctor in attendance.                                                                                                                                                                                                                            |
| <b>Inhalation</b>                         | Remove to fresh air.                                                                                                                                                                                                                                                                |
| <b>Eye contact</b>                        | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. Get medical attention if irritation develops and persists. |
| <b>Skin contact</b>                       | Wash skin with soap and water.                                                                                                                                                                                                                                                      |
| <b>Ingestion</b>                          | Rinse mouth. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Call a physician.                                                                                                                                                                       |
| <b>Self-protection of the first aider</b> | Avoid contact with skin, eyes or clothing. Wear personal protective clothing (see section 8).                                                                                                                                                                                       |

### Most important symptoms and effects, both acute and delayed

|                            |                                                                                                                   |
|----------------------------|-------------------------------------------------------------------------------------------------------------------|
| <b>Symptoms</b>            | May cause redness and tearing of the eyes. Burning sensation. Prolonged contact may cause redness and irritation. |
| <b>Effects of Exposure</b> | No information available.                                                                                         |

### Indication of any immediate medical attention and special treatment needed

|                           |                        |
|---------------------------|------------------------|
| <b>Note to physicians</b> | Treat symptomatically. |
|---------------------------|------------------------|

# SAFETY DATA SHEET

## 5. FIRE FIGHTING MEASURES

|                                                                              |                                                                                                                                    |
|------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Suitable Extinguishing Media</u></b>                                   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                            |
| <b>Unsuitable extinguishing media</b>                                        | Do not scatter spilled material with high pressure water streams.                                                                  |
| <b><u>Specific hazards arising from the chemical</u></b>                     | No information available.                                                                                                          |
| <b><u>Explosion data</u></b>                                                 |                                                                                                                                    |
| Sensitivity to mechanical impact                                             | None.                                                                                                                              |
| Sensitivity to static discharge                                              | None.                                                                                                                              |
| <b><u>Special protective equipment and precautions for fire-fighters</u></b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |

## 6. ACCIDENTAL RELEASE MEASURES

### **Personal precautions, protective equipment and emergency procedures**

|                             |                                                                                           |
|-----------------------------|-------------------------------------------------------------------------------------------|
| <b>Personal precautions</b> | Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. |
| <b>Other information</b>    | Refer to protective measures listed in Sections 7 and 8.                                  |

### **Methods and material for containment and cleaning up**

|                                        |                                                                                      |
|----------------------------------------|--------------------------------------------------------------------------------------|
| <b>Methods for containment</b>         | Prevent further leakage or spillage if safe to do so.                                |
| <b>Methods for cleaning up</b>         | Pick up and transfer to properly labeled containers.                                 |
| <b>Prevention of secondary hazards</b> | Clean contaminated objects and areas thoroughly observing environmental regulations. |

## 7. HANDLING AND STORAGE

### **Precautions for safe handling**

|                                       |                                                                                                                                                                                                                     |
|---------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Advice on safe handling</b>        | Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product.                                               |
| <b>General hygiene considerations</b> | Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product. Handle in accordance with good industrial hygiene and safety practice. |

### **Conditions for safe storage, including any incompatibilities**

|                           |                                                                          |
|---------------------------|--------------------------------------------------------------------------|
| <b>Storage Conditions</b> | Keep containers tightly closed in a dry, cool and well-ventilated place. |
|---------------------------|--------------------------------------------------------------------------|

# SAFETY DATA SHEET

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control Parameters Exposure Limits

| Chemical name         | Alberta | British Columbia | Ontario                                             | Quebec |
|-----------------------|---------|------------------|-----------------------------------------------------|--------|
| Supplier Trade Secret | -       | -                | TWA: 25 ppm;<br>TWA: 141 mg/m <sup>3</sup> ;<br>dSk | -      |

**Note** See section 16 for terms and abbreviations.  
**Biological occupational exposure limits** This product, as supplied, contains materials that do not have reportable biological exposure limits or are not subject to the reporting requirements of the local jurisdiction.

### Appropriate engineering controls

**Engineering controls** Showers  
 Eyewash stations  
 Ventilation systems.

### Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear safety glasses with side shields (or goggles).  
**Hand protection** Wear suitable gloves.  
**Skin and body protection** Wear suitable protective clothing.  
**Respiratory protection** Appropriate respiratory protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

**Appearance** Clear Semi Viscous Liquid  
**Physical state** Liquid  
**Color** Light Golden  
**Odor (includes odor threshold)** Fruity Floral  
**Odor threshold** No data available

| <u>Property</u>                                                  | <u>Values</u>     | <u>Remarks • Method</u> |
|------------------------------------------------------------------|-------------------|-------------------------|
| <b>Melting point / freezing point</b>                            | No data available | None known              |
| <b>Boiling point (or initial boiling point or boiling range)</b> | No data available | None known              |
| <b>Flammability</b>                                              | No data available | None known              |
| <b>Flammability Limit in Air</b>                                 |                   | None known              |
| <b>Upper flammability or explosive limits</b>                    | No data available |                         |
| <b>Lower flammability or explosive limits</b>                    | No data available |                         |
| <b>Flash point</b>                                               | No data available | None known              |
| <b>Autoignition temperature</b>                                  | No data available | None known              |
| <b>Decomposition temperature</b>                                 | No data available | None known              |
| <b>SADT (°C)</b>                                                 | No data available | None known              |
| <b>pH</b>                                                        | 5.00-6.00         | @ 25°C                  |
| <b>pH (as aqueous solution)</b>                                  | No data available | None known              |
| <b>Kinematic viscosity</b>                                       | No data available | None known              |
| <b>Dynamic viscosity</b>                                         | 1900-3100 cP      | @ 25°C                  |
| <b>Solubility</b>                                                | No data available | None known              |
| <b>Water solubility</b>                                          | No data available | None known              |

# SAFETY DATA SHEET

|                                                   |                   |            |
|---------------------------------------------------|-------------------|------------|
| Partition coefficient n-octanol/water (log value) | No data available | None known |
| Vapor pressure (includes evaporation rate)        | No data available | None known |
| Evaporation rate                                  | No data available | None known |
| Density and/or relative density                   | 1.000-1.040       | @ 25°C     |

## 10. STABILITY AND REACTIVITY

|                                    |                                           |
|------------------------------------|-------------------------------------------|
| Reactivity                         | No information available.                 |
| Chemical stability                 | Stable under normal conditions.           |
| Possibility of hazardous reactions | None under normal processing.             |
| Conditions to avoid                | None known based on information supplied. |
| Incompatible materials             | None known based on information supplied. |
| Hazardous decomposition products   | None known based on information supplied. |

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure

#### Product Information

|              |                                                                                                                                                               |
|--------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Inhalation   | Specific test data for the substance or mixture is not available. May cause irritation of respiratory tract.                                                  |
| Eye contact  | Specific test data for the substance or mixture is not available. Causes serious eye irritation. (based on components). May cause redness, itching, and pain. |
| Skin contact | Specific test data for the substance or mixture is not available. Prolonged contact may cause redness and irritation. Causes mild skin irritation.            |
| Ingestion    | Specific test data for the substance or mixture is not available. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.             |

### Symptoms related to the physical, chemical and toxicological characteristics

|                |                                                                                                |
|----------------|------------------------------------------------------------------------------------------------|
| Symptoms       | May cause redness and tearing of the eyes. Prolonged contact may cause redness and irritation. |
| Acute toxicity | No information available.                                                                      |

# SAFETY DATA SHEET

## Numerical measures of toxicity

The following ATE values have been calculated for the mixture

|                               |           |       |
|-------------------------------|-----------|-------|
| ATEmix (oral)                 | 62,382.60 | mg/kg |
| ATEmix (dermal)               | 99,999.00 | mg/kg |
| ATEmix (inhalation-gas)       | 99,999.00 | ppm   |
| ATEmix (inhalation-vapor)     | 99,999.00 | mg/l  |
| ATEmix (inhalation-dust/mist) | 99,999.00 | mg/l  |

## Component Information

| Chemical name         | Oral LD50            | Dermal LD50              | Inhalation LC50          |
|-----------------------|----------------------|--------------------------|--------------------------|
| Supplier Trade Secret | = 2220 mg/kg ( Rat ) | > 740 mg/kg ( Rabbit )   | > 52 mg/L ( Rat ) 4 h    |
| Supplier Trade Secret | = 3550 mg/kg ( Rat ) | > 10000 mg/kg ( Rabbit ) | > 42 mg/L ( Rat ) 1 h    |
| Supplier Trade Secret | > 5000 mg/kg ( Rat ) | > 2000 mg/kg ( Rabbit )  | -                        |
| Supplier Trade Secret | = 1850 mg/kg ( Rat ) | = 5 mL/kg ( Rabbit )     | > 0.057 mg/L ( Rat ) 8 h |

## Delayed and immediate effects as well as chronic effects from short and long-term exposure

|                                          |                                                                                        |
|------------------------------------------|----------------------------------------------------------------------------------------|
| <b>Skin corrosion/irritation</b>         | Classification based on data available for ingredients. Causes mild skin irritation.   |
| <b>Serious eye damage/eye irritation</b> | Classification based on data available for ingredients. Causes serious eye irritation. |
| <b>Respiratory or skin sensitization</b> | No information available.                                                              |
| <b>Germ cell mutagenicity</b>            | No information available.                                                              |
| <b>Carcinogenicity</b>                   | No information available.                                                              |
| <b>Reproductive toxicity</b>             | No information available.                                                              |
| <b>STOT - single exposure</b>            | No information available.                                                              |
| <b>STOT - repeated exposure</b>          | No information available.                                                              |
| <b>Aspiration hazard</b>                 | No information available.                                                              |

**Persistence and degradability** No information available.

**Bioaccumulation**

**Component Information**

| Chemical name         | Partition coefficient |
|-----------------------|-----------------------|
| Supplier Trade Secret | -1.3                  |
| Supplier Trade Secret | 1.2                   |

**Other adverse effects** No information available.

## 13. DISPOSAL CONSIDERATIONS

### Disposal methods

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

## 14. TRANSPORT INFORMATION

**DOT**  
Hazard Class NOT REGULATED  
N/A

**TDG** Not applicable

**MEX** Not applicable

**ICAO (air)** Not applicable

**IATA**  
Transport hazard class(es) Not applicable  
N/A

**IMDG**  
Transport hazard class(es) Not applicable  
N/A

# SAFETY DATA SHEET

## 15. REGULATORY INFORMATION

### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### US Federal Regulations

##### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

##### **SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

##### **CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

##### **CAA (Clean Air Act)**

This product contains the following substances which are regulated pollutants to the Clean Air Act (CAA).

| Chemical name         | Hazardous air pollutants (HAPs) | Ozone-depleting substances (ODS) |
|-----------------------|---------------------------------|----------------------------------|
| Supplier Trade Secret | Present                         | -                                |

##### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

#### US State Regulations

##### **California Proposition 65**

This product does not contain any Proposition 65 chemicals.

##### **U.S. State Right-to-Know Regulations**

| Chemical name         | New Jersey | Massachusetts | Pennsylvania |
|-----------------------|------------|---------------|--------------|
| Supplier Trade Secret | X          | -             | X            |

#### U.S. EPA Label Information

**EPA Pesticide Registration Number** Not applicable

# SAFETY DATA SHEET

|         |                                                       |
|---------|-------------------------------------------------------|
| SADT    | Self-Accelerating Decomposition Temperature           |
| SAR     | Structure-activity relationship                       |
| SARA    | Superfund Amendments and Reauthorization Act          |
| SDS     | Safety Data Sheet                                     |
| SL      | Surface Limit                                         |
| STEL    | Short Term Exposure Limit                             |
| STOT RE | Specific target organ toxicity - Repeated exposure    |
| STOT SE | Specific target organ toxicity - Single exposure      |
| TCSI    | Taiwan Chemical Substance Inventory                   |
| TDG     | Transport of Dangerous Goods (Canada)                 |
| TSCA    | Toxic Substances Control Act (United States)          |
| TWA     | Time-Weighted Average                                 |
| UN      | United Nations                                        |
| VOC     | Volatile organic compounds                            |
| vPvB    | Very Persistent and Very Bioaccumulative              |
| vPvM    | Very Persistent and Very Mobile                       |
| As      | Allergenic substance                                  |
| DS      | Dermal Sensitizer                                     |
| Ot      | Ototoxicant                                           |
| pOt     | Ototoxicant - potential to cause hearing disorders    |
| PS      | Photosensitizer                                       |
| RS      | Respiratory Sensitizer                                |
| S       | Sensitizer                                            |
| poS     | Sensitizer - capable of causing occupational asthma   |
| Sa      | Simple asphyxiant                                     |
| Sd      | Skin designation                                      |
| pSd     | Skin designation - potential for cutaneous absorption |
| Sdv     | Skin designation - vacated                            |
| Sk      | Skin notation                                         |
| dSk     | Skin notation - danger of cutaneous absorption        |
| pSk     | Skin notation - potential for cutaneous absorption    |
