

Insert Pads

Bladder Control Protection

ProCure Insert Pads are designed to provide reliable protection for light to moderate urinary incontinence. Suitable for both male and female patients, these disposable pads help protect clothing and bedding from leakage. An adhesive strip helps keep the pad securely positioned for enhanced comfort and dependable performance throughout daily activities.

Features & Benefits:

- Bladder-control protection
- Unisex product
- Absorbent liners protect bed linens and clothing
- Adhesive strips keep the liners in place
- Disposable liners
- Available in 3 sizes
